LODGING ASSIGNMENTS

There are three lodges at the Learning Center that are used for Mountain School. Each lodge has two shared bathrooms with two sinks, two toilets and two showers. Cedar and Fir lodges also have a common room and a hallway partition to separate groups within lodges if needed. It is the classroom teacher’s responsibility to assign students and chaperones to their rooms. For risk management purposes, we recommend putting 3-4 students per room to ensure students are always in a group of 3 or more. We recommend having student rooms and adult rooms. If you put adults in rooms with children, please put them in the same room as their child or with at least 2-3 students.

Email this form to mountainschool@ncascades.org at least **3 weeks before** your arrival.

IMPORTANT: Refer to the Mountain School Information Packet (sent via email) to confirm which lodge(s) have been assigned to your school. Please complete this form electronically, include first and last names for students and chaperones, and put an * next to the names of all adults.

CEDAR LODGE (32 beds, common room)

Room	Bed 1	Bed 2	Bed 3	Bed 4
