TRAIL GROUPS

Please divide your class into learning groups, with 1-2 chaperones in each group. Your students may choose their own learning group names. We suggest choosing an animal that is native to the North Cascades (e.g., Wolverine, Black Bear, Bobcat, Cougar, Raven, etc.). It is important to group students in socially compatible groups, with both boys and girls in each learning group. Please be sure not to group all students with behavioral issues in the same group. Also, keep in mind that putting parents and their children in the same trail group is not always ideal for group supervision.

Email this form to: mountianschool@ncascades.org at least **3 weeks before** your arrival.

IMPORTANT: Refer to the Mountain School Information Packet (sent via email) to confirm the number of trail groups that have been assigned to your school. Please complete this form electronically and include first and last names for students and chaperones.

Group 1 Name:	
1.	7.
2.	8.
3.	9.
4.	10.
5.	11.
6.	12.
