

“ As former owners of Village Books in Bellingham, everything we did was rooted in our value of community. We see this same value present in the Institute’s mission —fostering a community of environmental stewards, of all ages, for generations to come.

— CHUCK & DEE ROBINSON

“ I really value the Institute’s work with the youth and getting them outdoors. I recognize this is fundamental to ensuring the long-term environmental protection. This is why I chose to name North Cascades Institute in my will.

— CONNIE McLAUGHLIN BOWSER

*I want there to be oceans and forests for my kids, and their kids, and many more to come.*

— PROGRAM PARTICIPANT

**HEADWATERS CLUB  
LEGACY CIRCLE**  
NORTH CASCADES INSTITUTE

The **Headwaters Club Legacy Circle** is a group of dedicated individuals who have chosen to leave a legacy for the next generation by naming **North Cascades Institute** in their estate plan.

Legacy Circle members believe that young people deserve opportunities to experience, learn in and appreciate the outdoors, so they can become informed and engaged environmental stewards.

You can make this possible for generations to come by choosing to name North Cascades Institute as a beneficiary in your:

- Will
- Life insurance plan
- Trust
- Retirement account

“ In my estate plan, I’m giving to either educational or environmental organizations. The Institute is one of the best who does both, protecting our environment through education, which is why I’m supporting their work long-term through my bequest.

— DAVID BONN

**Future generations** deserve clean water and air, healthy forests, a habitable planet. What we do today dictates how we’ll be remembered tomorrow. The Headwaters Club Legacy Circle empowers the next generation of conservation leaders.

Since 1986, North Cascades Institute has helped connect people, nature and community through science, art, literature and the hands-on study of the natural and cultural history of the Pacific Northwest.

Our goal is to help people of all ages enjoy and experience the mountains, rivers, forests, people, and wildlife of the Pacific Northwest—so all will care for and protect this special space.

“ Having the Institute in our will only makes sense. We want to support that which gives many joy and purpose, hope for our future generations.

— BARBIE EISENBERG

Your financial advisor or attorney is the best source of advice about which planned giving options to choose. Here is the information you need:
